

FOREIGN NEWS OF THE DAY.

Strike Movement Spreads in Belgium—8,500 Miners Out.

United States Gains a Point in Behring Sea Arbitration.

BRUSSELS, April 12.—The striking coal miners in the Borinage District number 8,500. Thus far there has been no disorder. The strike movement is spreading. The metal-workers, printers, lithographers and wood-workers have struck in several of the suburban factories and the factories are closed in consequence. In the provinces, and especially in the Districts of Verviers and Louvain, the strikes are increasing among the working people. Liege has so far been unaffected.

HOPING FOR A GENERAL STRIKE.

But Dock Laborers at Hull Begin to Yield to the Masters.

LONDON, April 12.—What little change there is today in the strike situation at Hull is in favor of the masters. The Shipping Federation, which is an organization of ship owners, claims that it controls more than twice the number of non-union dock laborers necessary for the handling of cargoes. The strikers have made no further attempt to create disorders. They are evidently playing a waiting game, and hope that a general strike will be ordered by the Dock Laborers' Union.

Already dozens of the Unionists have returned to work, and today several more applied for and were given tickets by the Shipping Federation entitling them to enter and work upon the wharves.

SEIZED AN AMERICAN SHIP.

Revolutionists in Honduras Now Moving on the Coast.

NEW ORLEANS, April 12.—Despatches received here last night from the coast announce that the revolutionists have abandoned the interior and are moving toward the Atlantic Coast.

The report of the fall of Ceiba is confirmed. It is in the hands of the revolutionists.

The Liberal party is said to have seized the American steamship *Albatross* of the Great Lakes, engaged in the fruit trade, and with the assistance of this ship captured Truxillo.

Puerto Cortez is strongly garrisoned and no fears of assault at this point are felt by the Government.

THE MINE DISASTER IN WALES.

Extent Not Yet Known—Explorers Driven Back by Noxious Gas.

LONDON, April 12.—The latest news from Pont-y-Prid is to the effect that the fire in the mine was virtually quenched at about 10 o'clock today. The fumes of gas were, however, still so serious as to drive out those who undertook to explore the mine in search of the dead and for the rescue of those who might be living.

Many of the explorers are suffering severely from the effects of the smoke and the deadly gases which they encountered. Further search will be necessary to ascertain the full extent of the calamity.

POINT FOR UNITED STATES.

Arbitrators Refuse to Admit the British Supplementary Report.

PARIS, April 12.—The Court of Arbitration on the Behring Sea has decided not to admit for the present the British supplementary report. This is a victory for the American side of the contention on that question.

SLOWED UP AMID WRECKAGE.

The Teutonic Encountered Severe Gales and Flooding Dangers.

QUEENSTOWN, April 12.—The White Star steamship *Teutonic*, Capt. Cameron, which left New York April 5 for Liverpool, encountered severe northeast gales on April 7 and 8, last Friday and Saturday.

On Saturday in latitude 42° 47' longitude 47°, the *Teutonic* passed a quantity of wreckage, which compelled the vessel to reduce its speed.

KING CHARLES'S RACE.

City and Suburban Handicap Run at Epsom To-Day.

LONDON, April 12.—The City and Suburban Handicap, of twenty sovereigns each, ten forfeit, with 1,000 sovereigns added, for three-year-olds and upward, was run to-day at Epsom. The course is about one mile and a quarter. The race was won by Mr. A. Taylor's four-year-old King Charles. Baron Hirsch's Windfall was second, and Col. North's Lady Hermit third.

Prince Ferdinand on the Way to Claim His Bride in Italy.

VIENNA, April 12.—Prince Ferdinand of Bulgaria and his mother, Princess Clementine, left this city today en route to Viareggio, Italy, where the marriage between the Prince and Princess Marie Louise, daughter of the Duke of Parma, will take place on April 20.

Offers for the German Loans Many Times the Amount Demanded.

BERLIN, April 12.—The German Imperial loan is covered by subscriptions to nearly quadruple the amount asked for by the Government, and the Prussian loan to triple the amount. The Government has reason to be gratified with this evidence of confidence on the part of financiers, which is a striking contrast to the experience of Russia.

Seditious Documents Said to Be Sent from America.

VIENNA, April 12.—The Hungarian Public Prosecutor is taking steps to stop the circulation of Pan-Slavist publications sent from America, to be used by the North of Hungary Slavs to revolt against the Government.

Gang of Youthful Thieves Held.

THOMAS Frazar, of 306 West Thirty-ninth street, Adolph Schwarz, of 435 West Forty-first street, Harry Doty, of 443 West Fortieth street, Charles Klein, of 408 West Thirty-ninth street, each fifteen years old, and Daniel Swan, aged seventeen, of 310 West Fortieth street, were held for examination in Jefferson Market Police Court this morning on a charge of having stolen \$200 worth of copper wire from the cellar of a Klemm & Co.'s establishment, 437 West Thirty-ninth street, last Friday. Several of the boys have been arrested heretofore on similar complaints.

Another Week of the Circus.

The "greatest show on earth" will continue at Madison Square Garden the remainder of this and all next week. The Brooklyn engagement begins on April 24.

MAYOR WANSER NOW ON TOP.

Jersey City Republicans Capture Finance and Aldermanic Boards.

Hoboken Democrats Jubilant—Results in the State.

Clerk Robinson, of the Jersey City Police Board, announced this morning that the majority of Hoboken Slipsman, Republican, over Charles W. Allen, Democrat, for Alderman-at-Large, is 677.

The election of Slipsman is very significant because the Alderman-at-Large is a member of the Finance Board. The last Legislature of New Jersey passed a bill known as the "Wanser Chipping Law," which gave the Finance Board controlling power over Mayor Wanser's appointments.

The Finance Board has been Democratic by 3 to 2. It is now Republican by the same vote. The Democrats confidently expected the re-election of Mr. Allen.

The Board of Aldermen, which has been Democratic by 8 to 5, is now Republican by 7 to 6, and Alderman Patrick Norton, who was elected by the Democrats, but accepted the Republican nomination for Freeholder in the Third District, declared yesterday before the result was known that he would act with the Republicans hereafter.

The Board of Freeholders stands: Democrats, 8; Republicans, 3, the same as last year.

The result of the election is a surprise to the political world. The latter have not yet thought out an explanation for such a Republican victory in the Democratic stronghold.

Ex-Sheriff Hobbs has been generally blamed for the victory. The Republicans are jubilant and say that yesterday's result was another indication that the political machine is changing in Jersey City, and that the Democrats do not appreciate the significance of Mayor Wanser's broad smile when he received his constituents in his office today.

The result is no surprise to me. I considered the calm of the campaign favorable to our side. The voters made up their mind early what they were going to do, as they were not so susceptible as usual to campaign pretensions and promises.

Many fraudulent votes were cast against Mr. Slipsman. Jacob Hughes and S. R. Frazar, of the Fourth Regiment, told me last night that when they went to vote they found their names had been voted upon. But we have triumphed over fraud.

The Democrats of Hoboken are jubilant over the victory they gained at the polls yesterday in electing Lawrence Fagan Mayor.

The various election districts were not all heard from. The vote of the Third District, Fagan has 783 majority over John H. Tanchman, the Republican candidate. The Democrats also have a sweeping victory in the election of Freeholders.

The majority vote was: Fagan (Dem.), 3,423; Tanchman (Rep.), 2,670.

Republicans Carry Rahway.

RAHWAY, N. J., April 12.—Complete returns from yesterday's election show that the Republicans carried nearly everything. For Mayor Dr. J. J. Daly, Republican was elected over Charles E. Ryer, by 241 majority.

The Republicans elected the four townships, two members of the Board of Education and the Commissioner of the Board of Education and a Water Commissioner, holding the majority in that department of the city.

Princeton Elects an Independent Mayor.

PRINCETON, N. J., April 12.—The township election held here yesterday resulted in a victory for the Republicans. In the borough James L. Briner, Independent candidate for Mayor, was elected. E. M. Polke, W. C. C. Zopf, W. E. MacLean, H. Bader, J. H. Murray, and John E. Murray, Democrat, were elected councilmen. The balance of the borough ticket was Republican.

The Result in Newark.

NEWARK, N. J., April 12.—The Democrats carried this city yesterday by a majority of 2,454. The Board of Freeholders stands 8 to 3 in their favor, and they have the Director at-Large, who held over. There is no change in the political complexion of the common Council, but the Democrats now have a majority of 5 instead of one. The School Board was a tie, but is now 14 to 10 in favor of the Democrats. Everything went as expected.

TO FIX THE WEEK OF DEATH

Murderers Fallister and Omond Will Be Arraigned Monday.

Thomas Fallister and John L. Omond, whose convictions for murder in the first degree have been affirmed by the Court of Appeals, will be arraigned again next Monday, when a time will be fixed for their execution.

Fallister was tried before Recorder Smyth in the Court of General Sessions, and he will be executed on Monday morning.

Omond was tried before Justice Ingraham in the Court of Oyer and Terminer, and his sentence will be delivered there.

HOOD'S SARSAPARILLA

given for this purpose that it is the most successful and most potent of all medicines. If you feel weak and tired, Hood's Sarsaparilla is just what you need to restore your strength and make you feel perfectly well.

THE GUARANTEE.

It Is Born of Confidence—No Room Now for Hesitation.

The absolute confidence of their patients in every word of the testimonial furnished by Dr. Copeland and Gardner.

These physicians have perfect confidence in the Copeland treatment, and are willing to guarantee its success, and to refund their money if it fails to cure.

This confidence they could not show more strongly than by guaranteeing their work with no other return than a cure, and whose word is as good as a government bond.

It is upon a diagnosis, Dr. Copeland and Gardner feel that they can cure a disease, and they will not only promise a cure, but they will GUARANTEE it. Money returned if no cure is effected, and it positively will not be returned.

This offer springs from a desire to increase the distance that separates the Copeland treatment and system from the hands of impostors, and to prove that they are dealing with the people with plain, unadorned facts, and not with the usual exaggerated claims of the medical profession.

The result of the election is a surprise to the political world. The latter have not yet thought out an explanation for such a Republican victory in the Democratic stronghold.

Ex-Sheriff Hobbs has been generally blamed for the victory. The Republicans are jubilant and say that yesterday's result was another indication that the political machine is changing in Jersey City, and that the Democrats do not appreciate the significance of Mayor Wanser's broad smile when he received his constituents in his office today.

HE WAS HOPELESS.

Ten Eminent Men Called It Consumption—It Was Bronchial Catarrh.

"I came to Dr. Copeland and Gardner hardly able to drag one foot after the other. I could not eat or sleep. I was treated by physicians at the Bellevue Hospital, but got no better, and at last they told me that nothing could be done for me any longer."

After that I went to one physician after another until I had been to ten of the most eminent doctors in New York and Brooklyn. With one accord they pronounced my case absolutely hopeless.

"It was not because I thought that there was any cure for me, that I went to Dr. Copeland and Gardner. I had no intimate friend that had been cured of this disease, and I was hungry for a cure. Finally I was persuaded to go. What surprised me more than anything else was that after a careful examination of the lungs, they said that I did not have Consumption, but that my trouble was Bronchial Catarrh, and that while Consumption might be threatened as a result of it, it was not a certain thing."

"I began to get strong at once under their care. It was not long before I could eat heartily and sleep well. My cough disappeared. I feel strong and well now."

From a statement of Mr. Arthur McDonald, No. 211 1/2 Avenue A, Brooklyn, in last Sunday's paper.

ANTHONY CURRIE, Mr. Henry Bowers Farmington, N. Y., writes: "I was so weak I could hardly walk. All the doctors said I could not live. I was treated by physicians at the Bellevue Hospital, but got no better, and at last they told me that nothing could be done for me any longer."
